

Greensheet

CS 151: Object-Oriented Design

Fall 2021, Sections 03, and 04

San José State University

Department of Computer Science

Instructor Info

Instructor	Ahmad Yazdankhah	My name is difficult to pronounce!
Office Location	Online	Physically it is MH 411 but we won't use it at all.
Email	ahmad.yazdankhah@sjsu.edu	Please email me via Canvas
Website *		Our official educational web tool is Canvas available at https://sjsu.instructure.com/
Phone		Email is the best way to communicate with me!
Office Hours	Thurs 16:00 – 18:00	By appointment please!

* Course materials such as handouts, notes, assignment instructions, etc. can be found on [Canvas Learning Management System](https://sjsu.instructure.com/) available at <http://sjsu.instructure.com>. Students are responsible for regularly checking with its messaging system (or other communication system as indicated by the instructor) to learn of any updates.

Class Info

	Section 03	Section 04
Meeting Time	MW 14:15 – 15:30	MW 16:00 – 17:15
Classroom	Online - Zoom	Online – Zoom
Course Type	Online	Online

General Events of Semester

Description	Day of Week	Month	Day #	Comment
First day of instruction	Thursday	August	19	Monday August 23 for MW classes
Last day to drop	Tuesday	August	31	
Holiday	Monday	September	6	Labor Day – Campus Closed
Last day to add	Wednesday	September	8	
Daylight saving time	Sunday	November	1	
Holiday	Wednesday	November	24	Non-Instructional Day for Thanksgiving
Last day of instruction	Monday	December	6	
Final Examinations	Wed-Fri, Mod-Tue	December	8 - 10 13 - 14	Please look at the syllabi at page 5 for the final exam info
Grades due from faculty	Friday	December	17	End of semester
Grades Viewable on MySJSU	Saturday	December	18	

For academic events of this semester, please refer to the course syllabus at page 5.

Course Info

Catalog Description

Design of classes and interfaces. Object-oriented design methodologies and notations. Design patterns. Generics and reflection. Exception handling. Concurrent programming. Graphical user interface programming. Software engineering concepts and tools.

Prerequisites

Math 42	Discrete Mathematics	Grade C minus or better
CS 46B	Introduction to Data Structure	Grade C minus or better

The Department of Computer Science strictly enforces prerequisites.

If you are not already pre-enrolled, you must attend the first day of the class and let your instructor know and fill out the provided document. If the class is not full, the permission codes will be provided to the requesters based on the priorities. More information will be given in the first day of the class.

Please note that any student who does not show up during the first two class meetings, may be dropped by the instructor.

Required Text

This course does not need a required textbook. My lecture notes contain all required materials.

Further Readings

1. Cay Horstmann, "Object-Oriented Design & Patterns," 3rd edition:
A watermarked edition will be provided in the Canvas.
The resources can be found at: <http://horstmann.com/oodp3/>
2. Stephen Gilbert and Bill McCarty, "Object-Oriented Design in Java," Sams
ISBN-13: 978-1571691347
3. The references at the end of each lecture note.

Course Learning Outcomes (CLO)

Upon successful completion of this course, students would be able to:

1. Object-Oriented Design
 - Follow a systematic object-oriented design methodology
 - Develop use cases, perform noun-verb analysis, interpret and produce CRC cards
 - Interpret and produce UML diagrams
 - Understand object-oriented concepts
 - Use several design patterns
 - Practice SOLID design principles
2. Advanced Java Language
 - Be master on implementing Java fundamental concepts of OOP
 - Be familiar with Java structures such as: Interfaces, Abstract classes, Nested classes, ...
 - Implement Java standard object methods
 - Be familiar with Java type system, lambda expression, serialization, and generics
 - Implement exception handling

- Implement threads and thread-safe data structures
3. GUI Programming
- Use JavaFX to create graphical user interface (GUI) for desktop applications

Examinations and Assignments

- Every Wednesday, there would be a short quiz.
- There would be two midterms, and a final exam.
- There would be a term project and several individual assignments.
- All examinations would cover from the beginning of the semester.
- There won't be any makeup for the exams.

Grading Information

Assignments	10%
Term Project	25%
Quizzes	20%
Midterm #1	10%
Midterm #2	15%
Final	20%
Total	100%

Nominal Grading Scale

From	To	Grade
97	100	A plus
93	96.99	A
90	92.99	A minus
87	89.99	B plus
83	86.99	B
80	82.99	B minus
77	79.99	C plus
73	76.99	C
70	72.99	C minus
67	69.99	D plus
63	66.99	D
60	62.99	D minus
0	59.99	F

To practice time management, late submissions will lose 20% of the total assignment score and an additional 20% for each 24-hour afterward.

Final Grade

- Your final grade might be adjusted depending upon your level and quality of participation in the class activities. Note that "participation" is NOT equal to "attendance".
- If the FINAL grades of the class at the end of the semester is not normal, then I might curve the grades. So, it is not the case that I'd curve all exams and assignments individually.
- More details about final exam can be found in [University policy S17-1](http://www.sjsu.edu/senate/docs/S17-1.pdf) available at <http://www.sjsu.edu/senate/docs/S17-1.pdf>.

Course Requirements and Workload

- A computer with microphone and camera is required for this course.
- Java is the standard programming language for this course.

- Success in this course is based on the expectation that students will spend **at least 6 – 10 hours per week** for:
 - working on the assignments.
 - preparation for the exams (quizzes, midterms, and final).
 - working on the term project.
- More details about student workload can be found in [University Policy S16-9](http://www.sjsu.edu/senate/docs/S16-9.pdf) available at <http://www.sjsu.edu/senate/docs/S16-9.pdf>.

Course Format

This course will be taught in online format. **The lectures will be recorded and provided before the lecture time** and students should watch it before attending the class. In each lecture meeting, the lecture will be summarized, last week assignment and quiz will be solved, and students' questions will be responded.

Online Classroom Protocol

- All microphones will be muted automatically when you join the meeting. If you have a question, you need to unmute it or type your question in the chat room.
- **The chat room will be private** and instructor reads your questions loudly and answer them.
- We won't use camera during the lectures but will use it during the exams. Therefore, you need to get dressed appropriately. **Dressing code** is "**Business Casual**".
- **Attendance** is highly recommended, but is not mandatory, except for exam times.

NOTE that [University policy F69-24](http://www.sjsu.edu/senate/docs/F69-24.pdf) available at <http://www.sjsu.edu/senate/docs/F69-24.pdf> states that:

"Students should attend all meetings of their classes, not only because they are responsible for material discussed therein, but because active participation is frequently essential to insure maximum benefit for all members of the class. **Attendance per se shall not be used as a criterion for grading.**"

If a student has been out of school for one or more days, he/she should report to his instructors upon his/her return to inquire about making up the work. Students who know in advance that they will miss one or more classes should inform their instructors about their plans."

Consent for Recording of Class and Public Sharing of Instructor's Material

- Common courtesy and professional behavior dictate that you notify someone when you are recording him/her.
- **You must obtain the instructor's permission to make audio or video recordings in this class.** Such permission allows the recordings to be used for your private study purposes only.
- The recordings are the intellectual property of the instructor; you have not been given any rights to reproduce or distribute the material.

University Policies

Per [University Policy S16-9](http://www.sjsu.edu/senate/docs/S16-9.pdf) available at <http://www.sjsu.edu/senate/docs/S16-9.pdf>, relevant university policy concerning all courses, such as **student responsibilities**, academic integrity, accommodations, dropping and adding, consent for recording of class, etc. and available student services (e.g. learning assistance, counseling, and other resources) are listed on [Syllabus Information web page](http://www.sjsu.edu/gup/syllabusinfo) available at <http://www.sjsu.edu/gup/syllabusinfo>, which is hosted by the Office of **Undergraduate Education**. **Make sure to visit this page to review and be aware of these university policies and resources.**

Course Schedule

Note: This is a tentative schedule and is subject to change but with fair notice.

Day	Date	Lec #	Topics	Exams
1	08/23	0	Greensheet; A big picture of the course	
2	08/25	1	Enter OOP (Part 1)	Quiz 0
3	08/30	2	Enter OOP (Part 2)	
4	09/01	3	Software Development Lifecycle (Part 1)	Quiz 1
5	09/06		Holiday: Labor Day	
6	09/08	4	Software Development Lifecycle (Part 2)	Quiz 2
7	09/13	5	Software Development Lifecycle (Part 3)	
8	09/15	6	Software Development Lifecycle (Part 4)	Quiz 3
9	09/20	7	OOP Fundamentals (Part 1): Abstraction, Inheritance	
10	09/22	8	OOP Fundamentals (Part 2): Encapsulation, Interfaces	Quiz 4
11	09/27		Review, Study Guide, Q & A	
12	09/29		Exam: Mid 1	Quiz +
13	10/04	9	OOP Fundamentals (Part 3): Polymorphism	
14	10/06	10	Java Constructs (Part 1); abstract class, nested class	Quiz 5
15	10/11	11	Java Constructs (Part 2); Anonymous class, Lambda expressions	
16	10/13	12	GUI Programming (Part 1)	Quiz 6
17	10/18	13	GUI Programming (Part 2)	
18	10/20	14	GUI Programming (Part 3)	Quiz 7
19	10/25	15	OOD Guidelines (Part 1): Design Patterns	
20	10/27	16	OOD Guidelines (Part 2): Design Patterns	Quiz 8
21	11/01		Review, Study Guide, Q & A	
22	11/03		Exam: Mid 1	Quiz ++
23	11/08	17	OOD Guidelines (Part 3): SOLID Principles	
24	11/10	18	Implementation Guidelines (Part 1)	Quiz 9
25	11/15	19	OOD Guidelines (Part 4): SOLID Principles	
26	11/17	20	Advanced Java (Part 1)	Quiz 10
27	11/22	21	Advanced Java (Part 2)	
28	11/24		Holiday: Thanksgiving Day	
29	11/29	22	Advanced Java (Part 3)	
30	12/01	23	Implementation Guidelines (Part 2)	
31	12/06		Review, Study Guide, Q & A	

Final exam	Section 03 (MW 14:15 – 15:30)	Section 04 (MW 16:00 – 17:15)
Date and Time	Thursday, December 09 @ 12:15	Wednesday, December 08 @ 14:45
Venue	Online	Online
