Course Description

English 1A is the first course in SJSU’s two-semester lower-division composition sequence; it provides an introduction to baccalaureate-level composition, with attention to the “personal voice” and personal experience, on the one hand, and the more formal attitudes and demands of writing at the university (expository and argumentative essays), on the other. Students will develop college-level reading abilities, rhetorical sophistication, and writing styles that give form and coherence to complex ideas and feelings.

What is special about this section of English 1A?

The articles, quotes, videos, and audio sources used in this class are intended for adult audiences. The vocabulary will be both technical and academic. The topics will be multi-layered and include philosophical, scientific, environmental, and industry-related points of view.

This course, these two sections (12 and 27) will end in a portfolio of your completed (revised) essays; with a reflection on your writing process and progress as a final exam.

You will not take the final exam.

My goal for this class was to develop coursework that encouraged both self analysis and critical examination of issues and solutions—through contemplation, writing essays and journaling in class, presentations, and the final reflection portfolio.

At the end of this semester you will turn in a portfolio that will be a presentation of your writing this semester --collected in a small binder or notebook that must include:

1. A table of contents
2. Essay 4 revision reflection—final essay (will be graded per rubric)
3. Completed matrix of issues and abilities
4. Essay 3 revision markups
5. Essay 3 markup
6. Essay 2 revision markup
7. Essay 2 markup
8. Essay 1 markup

This assignment is designed to help you see your improvements over the course of the semester as well as areas where you plan to continue improving.

Course Goals and Student Learning Objectives

Course Goals

By the end of this semester you shall demonstrate your writing competence in complete essays that reveal college-level proficiency in all of the following:

- Clear and effective communication of meaning.
- An identifiable focus, tailored to a particular audience and purpose (argumentative essays will state their thesis clearly and show an awareness, implied or stated, of some opposing point of view).
- The ability to perform effectively the essential steps of the writing process (prewriting, organizing, composing, revising, and editing).
- The ability to explain, analyze, develop, and criticize ideas effectively.
- Effective use within their own essays of supporting material drawn from reading or other sources.
- Effective organization within the paragraph and the essay.
- Accuracy, variety, and clarity of sentences.
- Appropriate diction.
- Control of conventional mechanics (e.g., punctuation, spelling, reference, agreement).

NOTE: This is not to say that you arrived on campus without many of these competencies—this class may be an opportunity for you to further improve these objectives.

Student Learning Objectives:

- SLO 1: Students shall write complete essays that demonstrate the ability to perform effectively the essential steps in the writing process (prewriting, organizing, composing, revising, and editing).
- SLO 2: Students shall write complete essays that demonstrate the ability to express (explain, analyze, develop, and criticize) ideas effectively.
- SLO 3: Students shall write complete essays that demonstrate the ability to use correct grammar (syntax, mechanics, and citation of sources) at a college level of sophistication.
- SLO 4: Students shall write complete essays that demonstrate the ability to write for different audiences.

Classroom Protocol

You will come to class on time--both awake and willing to engage. Respect yourself and your fellows by contributing in every way you can to your own education. Bring your book, the article you are working on, and your binder with course handouts to every class! Electronics are allowed if not abused. No cell phones, texting, or sleeping.

Make doctors' appointments for days you don't have class!

Assignments and Grading Policy

Grading: A-F. This class must be passed with a C or better to move on to CORE GE Area C3 and to satisfy the prerequisite for English 1B. A passing grade in the course signifies that the student is a capable college-level writer and reader of English.

Grades will be assigned by percentage of all work required

A = 95- 100	A- = 89- 94	
B+ = 86- 88	B = 82- 85	B- = 79- 81
C+ = 76- 78	C = 72- 75	C- = 69- 71
D+ = 66- 68	D = 62- 67	D- = 59- 61

1A Final Assignment:

Instead of a final exam, you will write a critical reflection at the end of the class. Think of it as a scientific study of your progress as a writer over the next four months. Remember, writing is a *process*. Collecting your work and then reflecting on that work is part of the process. The final assignment is designed to get you thinking about your specific challenges, your strategies for improvement, your successes and failures, and your goals for the future. Every writer, no matter how accomplished, has room for improvement. **This assignment is your culminating experience. This course does not have a final exam.**
