Course Requirements and Assignments

All work should be submitted to Canvas. Emailed work will only be accepted if technical issues arise with submission through Canvas.

This course primarily meets PLOs 1.1, and 1.2 but also partially meets 4.1 and 5.1.

Integration Assignments

Integration Assignments will consist of essay questions that ask you to apply insights gained from your readings to your own understandings of your role as a group therapist. Each completed assignment will be no more than three double spaced pages using a standard 12-point font.

This assignment addresses the following learning outcomes: CLO1, CLO2, CLO3, CLO4, CLO5, CLO6, CLO7, CLO8, CLO9, CLO10, CLO12, CLO13, and CLO14.

Group Observation Reaction Paper

This assignment consists of observing a therapeutic, mutual-help, or psycho-educational group meeting such as AA, NA, Al Anon or NAMI, and turning in a brief reaction paper including the following information:

1. What, when and where was the meeting?
2. How did you find out about the meeting?
3. What were your emotional reactions to being at the meeting?
4. What reactions to your presence did you experience from other members?
5. Relating your observations to your reading so far, what did you learn about group process and effects from attending this meeting?
6. Would you recommend this type of meeting to a client and why?
7. What would be the most effective way to connect your client to this group?

This assignment addresses the following learning outcomes: CLO1, CLO2, CLO4, CLO5, CLO6, CLO7, CLO8, , CLO12, CLO13, and CLO14.

Group Proposal

This paper may be written with a partner. The final paper should be 10 pages, double-spaced using a 12-point font. You will select a specific population (e.g., the elderly, Latino/a teenagers, adolescent mothers, dual career couples, children with learning disabilities), or client issue (e.g., depression, divorce, loss, smoking cessation, incest) and review the relevant group therapy literature to find out what approaches and techniques have been found to be effective for this

population or concern. Based on your literature review and the guidelines provided in chapter 5 of the Corey text, describe the targeted issue (its effects, symptoms, number of people affected), the rationale for providing the type of group you are proposing, and the available evidence for the approach you have selected. Describe the goals of this group, your distribution of responsibilities with a co-therapist and any prescreening, member selection and recruitment that you will do. Using bullet point format, outline a total of 5 sessions, including the objectives, content, techniques, and information contained in each session. See chapters 10 & 11 in the Corey textbook for proposal examples. You may include handouts and a resource list beyond the 10-page maximum. Address the following in your proposal:

1. How will you handle member reactions and group dynamics?
2. How will you address issues related to culture, class, gender, and development?
3. How will you know if the group sessions were effective?

This assignment addresses the following learning outcomes: CLO2, CLO3, CLO4, CLO5, CLO6, CLO7, CLO10, CLO12, and CLO14.

Presentation

This presentation may be conducted with a partner. In 20 minutes, briefly present your group proposal and demonstrate part of one session to the class. Try to elicit role-playing by students to show how the group would progress and provide example of the types of dynamics that might occur.

This assignment addresses the follow learning outcomes: CLO2, CLO3, CLO4, CLO5, CLO6, CLO7, CLO10, CLO11, CLO12, CLO14, and CLO15.

Final Reflection

You will complete a final reflection assignment reflecting on your learning and experiences in the class over the semester.

This assignment addresses the following learning outcomes: CLO11, CLO15

Participation

You are required to both attend and participate in class discussion and experiential group work. Missing more than one class session may result in failing the course.

This assignment addresses all of the learning outcomes for this course.

Success in this course is based on the expectation that students will spend, for each unit of credit, a minimum of 45 hours over the length of the course (normally three hours per unit per week) for instruction, preparation/studying, or course related activities, including but not limited to internships, labs, and clinical practica. Other course structures will have equivalent workload expectations as described in the syllabus.

Grading Information

There will be 200 points available in the course.

- 4 Integration Assignments: 15 Points each (7.5%) = 60 points (30%)

worth 15 points for a total of 60 points. Each paper will be worth the points listed above. Participation will be worth 25 points.

Classroom Protocol

The information in the syllabus is for your convenience. Any portion of it may change as seems appropriate, especially the dates on which the assignments are due. You are responsible for keeping current on any deviations from the class syllabus, again, particularly rescheduling of assignments. Check the class web site if you cannot be in class and want to check the due dates. Your participation is essential to the success of this class.

Attendance and Participation

You are required to both attend and **participate** in class discussion and experiential group work. Missing more than one class session may result in failing the course.

Attendance is the responsibility of the student. However, attendance itself may not be used as a criterion for grading. Students are expected to attend all meetings for their courses, as they are responsible for all material covered during class meetings, and active participation is frequently essential to ensure maximum benefit to all class members. Participation may be used as a criterion for grading when the parameters and their evaluation are clearly defined in the course syllabus and the percentage of the overall grade is stated. The full policy language can be found at <http://www.sjsu.edu/senate/docs/F15-3.pdf>.

Zoom Classroom Etiquette

- Mute your microphone: To help keep background noise to a minimum, make sure you mute your microphone when you are not speaking.
- Be Mindful of Background Noise and Distractions: Find a quiet place to “attend” class, to the greatest extent possible.
 - Avoid video setups where people may be walking behind you, people talking/making noise, etc.
 - Avoid activities that could create additional noise, such as shuffling papers, listening to music in the background, etc.
- Position your camera properly: Be sure your webcam is in a stable position and focused at eye level.
- Limit your distractions/avoid multitasking: You can make it easier to focus on the meeting by turning off notifications, closing or minimizing running apps, and putting your smartphone away (unless you are using it to access Zoom).
- Use appropriate virtual backgrounds: If using a virtual background, it should be appropriate and professional and should NOT suggest or include content that is objectively offensive or demeaning.

See Online Learning Resources Document for further information.

University Policies

Per [University Policy S16-9](http://www.sjsu.edu/senate/docs/S16-9.pdf) (<http://www.sjsu.edu/senate/docs/S16-9.pdf>), relevant university policy concerning all courses, such as student responsibilities, academic integrity, accommodations, dropping and adding, consent for recording of class, etc. and available student services (e.g. learning assistance, counseling, and other resources) are listed on [Syllabus Information web page](http://www.sjsu.edu/gup/syllabusinfo) (<http://www.sjsu.edu/gup/syllabusinfo>), which is hosted by the Office of Undergraduate Education. Make sure to visit this page to review and be aware of these university policies and resources.

Academic Integrity/Plagiarism/Cheating

Your commitment, as a student, to learning is evidenced by your enrollment at San Jose State University. The University Academic Integrity Policy S07-2 at <http://www.sjsu.edu/senate/docs/S07-2.pdf> requires you to be honest in all your academic course work. **Faculty members are required to report all infractions to the office of Student Conduct and Ethical Development.** The Student Conduct and Ethical Development website is available at <http://www.sjsu.edu/studentconduct/>.

If you cheat, plagiarize, or otherwise violate the policy of academic integrity in this course, you will fail that assignment and may fail the entire course. All instances of violations of academic integrity will be reported to the Office of Student Conduct and Ethical Development in addition to the program committee.

Campus Policy in Compliance with the American Disabilities Act

If you need course adaptations or accommodations because of a disability, please make an appointment with me as soon as possible or see me during office hours so that we can go over your needs for the class.

[Presidential Directive 97-03](http://www.sjsu.edu/president/docs/directives/PD_1997-03.pdf) at http://www.sjsu.edu/president/docs/directives/PD_1997-03.pdf requires that students with disabilities requesting accommodations must register with the [Accessible Education Center](http://www.sjsu.edu/aec) (AEC) at <http://www.sjsu.edu/aec> to establish a record of your disability.

In 2013, the Disability Resource Center changed its name to be known as the Accessible Education Center, to incorporate a philosophy of accessible education for students with disabilities. The new name change reflects the broad scope of attention and support to SJSU students with disabilities and the University's continued advocacy and commitment to increasing accessibility and inclusivity on campus.

Accommodation to Students' Religious Holidays

[University Policy S14-7](http://www.sjsu.edu/senate/docs/S14-7.pdf) states that San José State University shall provide accommodation on any graded class work or activities for students observing religious holidays that require absence from class. It is the responsibility of the student to inform the instructor, in writing, about such holidays before the add deadline at the start of each semester. If such holidays occur before the add deadline, the student must notify the instructor, in writing, at least three days before the absence. It is the responsibility of the instructor to make every reasonable effort to honor the request without penalty, and of the student to make up the work missed.

Consent for Recording of Class and Public Sharing of Instructor Material

[University Policy S12-7](#) requires students to obtain instructor's permission to record the course. However, I will record our classes and am happy to make the recording accessible if needed.

“Students are not allowed to record without instructor permission Students are prohibited from recording class activities (including class lectures, office hours, advising sessions, etc.), distributing class recordings, or posting class recordings. Materials created by the instructor for the course (syllabi, lectures and lecture notes, presentations, etc.) are copyrighted by the instructor. This university policy (S12-7) is in place to protect the privacy of students in the course, as well as to maintain academic integrity through reducing the instances of cheating. Students who record, distribute, or post these materials will be referred to the Student Conduct and Ethical Development office. Unauthorized recording may violate university and state law. It is the responsibility of students that require special accommodations or assistive technology due to a disability to notify the instructor.

Education Code of California Law section 66450-52 prohibits any person from selling or otherwise publishing class notes or presentation for a commercial purpose. In addition, Title 5, section 41301 in the Student Code of Conduct for all California State Universities prohibits the publication of academic presentations for commercial purposes.

Members of SJSU work actively to detect compromised coursework made available on the web and will determine the specific source of that compromise. We will seek academic and legal consequences to all individuals who posts any course material to another website (including course notes and test materials). Distributing course or test material is a violation of academic integrity as well as intellectual property rights. These consequences can include academic dismissal and financial liability in civil court.
