I would like to nominate myself for the position of the Associate Vice Chair. For the past year, I have served as a senator representing the College of Science and as a member of the Committee on Committees. I have also been serving on the General Education Advisory Committee. I find great interest in serving on these university level committees and I have learned a lot over the past year. I would be honored to have the opportunity to now serve on the Senate Executive Committee as the AVC.

Statement for Candidacy to the Senate Executive Committee of SJSU

Esteemed Colleagues,

I respectfully submit my candidacy for a seat at the SJSU Senate Executive Committee. I have served you this year as a voice and a leader in our campus discussions on the committee by preparing reports concerning pressing issues at the statewide level. With our Colleague, Senator Hiu Yung Wong, Chair of the Curriculum & Research Committee, I researched, received instruction from the two foremost leaders in the ASCSU, Chair Steffel and Chair of GEAC Csomay, and presented to you and all the colleges information regarding AB928 and Cal-GETC. My colleagues, Senators Van Selst and Rodan, contributed to discussions based on their committee expertise in the ASCSU as we, on our campus discussed the implications of a single pathway GE which came to be the Chancellor's office position.

Each month I prepared a written report (although the minutes often reflected 'no report,' because of the record of the minutes) given that I did not speak the report due to the tight schedules of our meetings. I have endeavored to keep you informed by sending regular messages through our listserv regarding opportunities to attend meetings, webinars, and discussions to ensure that you had a voice and an understanding of statewide decisions – in particular curricular. I have attended selective meetings of the Board of Trustees so that I could understand and report on their decisions.

On my ASCSU policy committee, Faculty Affairs, I serve as Vice-Chair and I took the lead in these areas: 1) the resolution to admonish the Interim Chancellor about her message to all regarding our CFA negotiations, 2) the resolution to add dedicated lecturer seats to the statewide senate, and 3) the resolution on DACA CSU employees as faculty and professional staff. I requested and was given the opportunity to bring two guest speakers to address issues related to being undocumented and having Ph.D.'s which was informative in making us think about faculty diversity support in a non-traditional manner. I consult and seek collaboration from other committees, in particular the JEDI, (Justice, Equity, Diversity, and Inclusion) which focuses my role in the ASCSU to further equitable and committed change to address shortcomings in our institutions and system.

We have many urgent issues in the next academic year, particularly related to curriculum, instruction, and budget, for which I believe continuity is important. I seek your vote this Spring to return to the Executive Committee as your statewide representative. Thank you for your attention and support.

Respectfully,

Julia E. Curry Rodríguez

May 2024

Dear Chair and Fellow Senators,

It is my greatest pleasure and honor to run for the Chair position of the Curriculum and Research (C&R) Committee. I am Hiu Yung Wong, an Associate Professor in Electrical Engineering. I have been the Chair of the C&R committee since Spring 2023 and have been serving the C&R committee and the Senate since Fall 2022. I am finishing my sixth year at SJSU with 12 years of industry experience. I also served on a University Naming Committee, COE AD Search Committee, Assessment Committee, Strategic Plan Task Force, and Department Chair Review Committee. I received the national McGraw Research Award, NSF CAREER Award, and COE Award for Faculty Excellence. The achievements in my research and teaching activities are not possible without some of the important policies set forth by the Senate, particularly those by the C&R committee.

Last year when I ran for election, I said that sometimes the job in C&R was boring but always meaningful and impactful. This year, I will say I love the job so much and have not found it boring anymore. And they are still very impactful and meaningful. After becoming the Chair, I have been very lucky to be advised and helped by my colleagues inside and outside of the C&R committee. I have been working with due diligence and seeking opinions during my tenure to ensure an efficient and effective C&R committee under the banner of shared governance. And I will continue to do so should I be elected.

This year, I hope I can contribute to the policy amendments related to GE and First Year Experience and other important tasks. I hope you will trust me and support me again! Thank you very much!

Hiu-Yung Wong

Statement of Interest to serve as Chair of Professional Standards

Professor Shannon Rose Riley

College of Humanities and the Arts

Serving on the Academic Senate for the last 13 years has been one of the most rewarding and pleasurable activities of my 16-year-long career at SJSU. I joined the Senate as an Assistant Professor at the encouragement of my former Department Chair and other than taking two semester-long sabbaticals, I have never left. During that time, I have been assigned primarily to the Professional Standards Committee because supporting faculty success, defending academic freedom, and nurturing shared governance are three of my primary passions. I also have relevant experience in Senate leadership and other leadership on campus: I served as the Faculty at Large on the Senate Executive Committee for one year and for two years as the Associate Vice Chair of the Senate and the Chair of the Committee on Committees. I was also a Department Chair for eight years with a track record of supporting faculty, growing enrollments, and advocating for lecturer participation on curriculum matters. I am highly organized and able to communicate and collaborate with a variety of people and departments across campus. I've also seen how the "bread is baked" on policy committees for many years now and carry that lived experience with me. Finally, I continue to be highly productive in RSCA, have the rank of full professor, and am quite eager to facilitate the Committee's important work over the coming year. I hope you will consider me for this important service role. It would be an honor to serve in that capacity.

Candidate's Statement for Instructional and Student Affairs Chair 2024-2025

I hope to serve the Academic Senate by continuing to chair the Instruction and Student Affairs committee for the next academic year. ISA continues to work on policies that are very important to our university operations and student success. Being a part of that continues to inspire and motivate me to support our institution in this manner. I believe that my commitment to this critical university work is beneficial to a role such as the chair of ISA. In addition to my commitment to this work, I feel that I bring strong leadership skills to the role, as I have chaired both ISA and my department for many years. I would appreciate your support in selecting the next ISA chair.

Thank you for your consideration,
Laura Sullivan-Green

My name is Colleen Johnson and I am a full professor in Counseling and Psychological Services. I was tenured in 2018, promoted in 2023 and became a senator in 2023. I served as Chair of the Athletics Board in 2019-2020 and 2020-2021 and this experience ignited my interest in shared governance issues.

I have been an active member of the Organization and Government Committee for the last year. However, I have also been participating in the meetings of the full Senate and have taken full advantage of the opportunity to ask questions and share my perspective as a Counselor Faculty. I believe that my perspective, informed by constant interaction with students who are seeking help for their mental health issues, will be extremely useful on the Senate Executive Committee as well and that is why I am applying for the FAL position. I hope to use my seat at the table to advocate for students and student affairs and also to learn about the administration of the university so that I may prepare myself for further leadership positions. I urge you to consider my application as a newer yet enthusiastic senator.

Eduardo R. Muñoz-Muñoz, PhD.

Teacher Education Department LCOE

SJSU Senator

O&G and CSR Member

Statement of interest and nomination Faculty at Large representative

My interest in serving as Faculty at Large stems from my interest and deep respect for the critical functions performed by SJSU Senate's Executive Committee. Having served for three years in the Organization and Governance Committee (O&G) and one year in the Subcommittee for Community on Senate Representation (CSR), I see this as an excellent opportunity to provide diverse perspectives from this work into the articulation and forward-looking aspirations of the committee. Similarly, I am seeking perspectives into its work advancing the legislative action of the Senate, and I look forward to gaining deeper insights that I can, in turn, take back to benefit the O&G and CSR committees.

My aspiration to observe first-hand and contribute to how the Executive Committee functions as a hub to receive and distribute policy proposals is of particular relevance in this opportunity. Additionally, I want to support how its workflow and activity are represented in agendas that are balanced and relevant to the community. I can support its mission to be effective while dynamizing external relations and effectively communicating with and engaging as many SJSU community members as possible. As a nuclear body in the Senate, the Executive Committee plays a critical role in our shared aspiration to make the Senate relevant to our multilayered community, a place where SJSU's inherent diversity and strength are present and democratically represented.
